# Introduction

London is a global hub of art, politics, commerce and finance but perhaps, above all, innovation. This is why Insider London seeks to delve beneath the surface of the capital's success with in-depth visits to the city's most innovative businesses.

We meet the talented individuals behind the brands to discover the story of unique companies – past, present and future. With engaging presentation tailored to the specific academic and professional interests and requirements of the group, this is a great opportunity for both academic and corporate groups.

Inspire your groups with real-life success stories and hands-on experience with innovative technology.

Freshen up your boardroom meeting with a research trip to an innovative hub and take your business to a new level with some great new ideas and insight.

We specialise in innovation from a wide variety of sources. From AI to blockchain, finance to fintech, hospitality to architecture, we meet the star players across a wealth of sectors.

We have extensive partnerships with some of the world's leading global corporates as well as London's rising stars who keep the established brands on their toes.

# City of London Corp.

**INSIDER**  
— LONDON —

At the centre of global finance and the UK economy, the City of London Corporation is at once, government and one of the world's most influential companies. To explore partnerships and investment opportunities in the UK then look no further than a visit to the City of London Trade Director.

We provide the opportunity for first-hand insight on a wide variety of subjects. Come and discover the many pathways to working with and within the City of London.

The UK generates 11 billion pieces of packaging waste from lunch-on-the-go each year. Shocked by the chaos and waste of the lunch hour in a 6000 person company where she worked, Caroline teamed up with Mary at the London Business School to create a reusable packaging system that makes reuse as easy as single-use.

Junee has invented a system of reusable food containers where employees can grab them at local caterers and drop them off at the office by scanning QR code.

It has Wework, Huckletree, Mayor of London and London Business School as its partner since its launch in 2021.

Bringing together the worlds of big data, AI, finance and retail – come and meet the CEO of Loke. Loke builds branded mobile payment solutions designed to increase customer spend per transaction, increase the frequency of transactions and reduce labour costs.

Capitalising on the innovative use of data – the most important currency of the modern age – Loke offers a sophisticated rewards system and has partnered with the National Australia Bank, the Development Bank of Singapore and Nando's.
